# Spring Newsbrief

## Letter from the CEED Chair: Sandra L. English

Dear CEED Members,

It was wonderful to see many of you at ASEE in Columbus as we had a great time! Congratulations to the following people,

**Lisa Massi**, ASEE/CEED program chair, for coordinating a great program, joint sessions, CEED social as well as spearheading the efforts to secure a distinguished lecture spot. The distinguished lecture was titled, *Making Manufacturing Cool Again: MAG-NET's Revolutionary Approach to Engineering Education* and in addition to Cooperative & Experiential Education Division, College Industry Partnership Division, Corporate Member Council and Manufacturing Division were co-sponsors. Dr. Ethan Karp, President and CEO of Magnet, was the

speaker and there was a private lunch for Dr. Karp with representatives of each sponsoring division. The lunch was sponsored by Cleveland State University, Washkewicz College of Engineering.

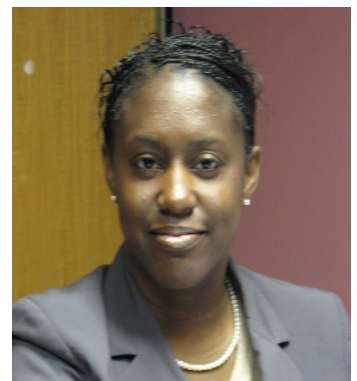

**Vickie Kuntz and Rob Rogers** led the efforts to invite local industry to meet CEED members and network at our Flatiron Bar and Grill social which was a huge success. We had record attendance at our social and industry representatives from **Honda, Kokosing, Navigator Management Partners LLC, Rolls Royce and Turner Construction Company.**

As many of you may have seen in prior email, **Craig Gunn** was inducted as an ASEE fellow! This is a huge accomplishment. So as

you can see, ASEE was truly a success for CEED. We look forward to seeing you next year in Salt Lake City, Utah.

Feel free to contact me with any questions at [s.l.english@csuohio.edu](mailto:s.l.english@csuohio.edu) or at 216-687-6968.

Sincerely,  
Sandra English, Chair

Sandra L. English, J.D., M.P.A.  
Manager,  
Cooperative Education Program  
Cleveland State University

Contact the  
CEED Board to  
get involved.

We would love  
to hear from  
you!

## CEED Board Strategic Plan Goals

**Outcome 1:**  
Membership is  
increased

**Outcome 2:**  
Membership is  
more fully  
engaged

**Outcome 3:**  
Revenue is  
increased

**Outcome 4:**  
Organization is  
clearly defined

**Outcome 5:**  
Standards of  
operation are  
documented

## Meet the CEED Board

### Chair

**Sandra L. English, J.D., M.P.A.**

### Student of the Year

**Sarah Kostanski**

[s.kostanski@neu.edu](mailto:s.kostanski@neu.edu)

Northeastern University

## **Congratulations Craig Gunn, Michigan State!! Named ASEE Fellow**

**Please join CEED in congratulating Craig Gunn, senior academic specialist in the Michigan State University Department of Mechanical Engineering who was inducted as an ASEE Fellow at the ASEE National Conference in Columbus, Ohio.**

Craig has been a member of ASEE CEED since 1992, and has been active on the board as the CEED Newsbrief Editor (we have all posed for CEED and CIEC pictures for Craig!), and active in our the CIEC Conference as our on-site technology lead. In 2008, Craig was presented the Alvah K. Borman Award from CEED for sustained, honorable and meritorious contributions to the promotion and practice of cooperative education in engineering and technology.

The fellow designation is only conferred on one-tenth of one percent of ASEE members each year, it is presented to those with outstanding qualifications and experiences in engineering and related fields.

We thank Craig for your many years of contributions to ASEE, CEED and CIEC!!!

**If Craig could say two words, besides 'thank you', he would say 'Get Involved'!**

## SAVE THE DATE

February 6th  
through  
February 9th

Conference for Industry and  
Education Collaboration

**Would you like to  
learn about these  
topics and more?**

Conversations on Disabilities

Building Industry  
Relationships

Strategies for non-mandatory  
co-op programs

Developing a Global Engineer

...and more?

**See you in San Antonio!**

**For more info on the conference:  
[ceed.asee.org](http://ceed.asee.org)**

## ASEE National Conference — CEED CALL FOR PAPERS

**125th Annual Conference & Exposition! June 24 - 27, 2018, Salt Lake City, Utah**

Abstract submission will open **September 5, 2017**.

The deadline for submitting abstracts is **October 16, 2017 (23:59 EST)**.

**NEW THIS YEAR!** CEED is offering two paper submission pathways: Research Track and Work-in-Progress Postcard Track, subject to the number and type of submissions received and accepted. All ASEE divisions, including CEED, are publish-to-present. Both tracks require submission of an abstract and paper that will be peer reviewed (double-blind review process); however, the type of paper for each track is different. Engineers or cooperative education and experiential education professionals from either academia or industry should consider submitting papers that are relevant to cooperative education, internships, experiential or work-integrated learning.

**WORK-IN-PROGRESS POSTER TRACK.** Abstracts and papers submitted to this track can be categorized as work-in-progress (WIP). This track is suitable for co-op and experiential education practitioners, as well as researchers who are still in the early stages of their study. This special format is intended to give authors of WIPs the opportunity to pitch their papers in a short presentation, followed by discussion of their work in greater detail with attendees.

**RESEARCH TRACK.** This track is suitable for complete research papers: evidence-based practice papers, research papers, and theory papers.

**TOPICS.** Special consideration will be given this year to topics related to the following areas. This is not a comprehensive list. For other suggested topics, please see the Call for Papers.

- Using co-op/internships for assessment and ABET accreditation
- Using experiential learning in course curriculum
- Successful strategies for broadening participation in co-op/internships/experiential learning for under-represented student groups
- Effect of co-op/internships/experiential learning on student retention
- Effect of co-op/internships/experiential learning on students' self-efficacy
- Review of literature relevant to co-op and internships

Please review the **CEED Call for Papers** for additional information [https://www.asee.org/uploads\\_public/conferences/session\\_owner/call\\_for\\_papers\\_file/0000/1429/2018\\_ASEE\\_Annual\\_Conference\\_Ceed\\_Call\\_for\\_Papers.pdf](https://www.asee.org/uploads_public/conferences/session_owner/call_for_papers_file/0000/1429/2018_ASEE_Annual_Conference_Ceed_Call_for_Papers.pdf)

For author submission guidelines and deadlines, please review the resources on this page, in particular, the **Author's Kit** <https://www.asee.org/conferences-and-events/conferences/annual-conference/2018/papers-management/for-authors>

Another way to become more involved in CEED is to **volunteer to be a reviewer** for the abstracts and papers.

Please contact me if you would like to be a reviewer, or if you have questions on the paper submission process that are not covered in the Author's Kit or on the Author's resource page above.
